Copies of all the documents listed above were submitted by applicants in the parent United States Patent Application No. 09/731,129, now United States Patent 6,613,734; or were cited by the Examiner during prosecution of said parent application. Pursuant to 37 C.F.R. §1.98(d), applicants have not enclosed copies of the listed documents. However, applicants stand ready to provide copies at the Examiner's request.

Applicants respectfully request that the documents listed above be (1) fully considered by the Examiner during the course of examination of this application and (2) printed on any patent issuing from this application. Applicants also request that the Examiner forward a copy of the enclosed Form PTO-1449, duly

acknowledged and initialed by the Examiner, to the undersigned with the next Communication.

Respectfully submitted,
